

Camp Creek Middle School

January 2025

To Whom It May Concern:

This is a letter of recommendation for Mr. Adrian Gibson for position of “Assistant Principal.” I have been acquainted with Mr. Gibson for two years as an Administrative Assistant at Camp Creek Middle School. During this time, I have found him to be a very innovative, dedicated, and conscientious educator. Mr. Gibson entered Camp Creek ready to learn and willing to assist. He works through what some might categorize as “difficult or challenging” situations, and through his positive demeanor, ends up winning people over every time. He listens to students and adults and helps them to see all vantage points of situations. I affectionately refer to Mr. Gibson as the “Data Detective,” as he consisted uses data to base is decisions on practically everything.

He is an active participant in PLC meetings, and uses the knowledge gained to effectively evaluate teachers. He has worked with our PBIS Program and was the catalyst in helping reduce our Out-of-School and In-School Suspension rates. He has served as the “Canvas Champion” for our school this year and has been a wealth of knowledge and resources for our teachers. Mr. Gibson serves as our “Junior Scheduler” and works well with our administrative staff. He has also served in key positions on our “Testing Team” and our “AVID Team,” and has perfected his skills with respect to enhancing our instructional practices to be “sound.”

Mr. Gibson is very personable and works well within others. He is a joy to work with, and always makes suggestions that are merit-based and meaningful to the team.

It is my pleasure and my honor to recommend Mr. Adrian Gibson for the position of “Assistant Principal.” He would be an asset to any school and in any learning environment.

Respectfully

Dr. Shelia Venable-Mustifa

Dr. Shelia Venable-Mustifa

Assistant Principal
